Introduction21
Chapter 1 – Start It Up and Take That First Spin23
Walk Through Before Closing23
Utility Services23
Garbage, Recycling23
Insurance24
Post Office / Phone Numbers24
Keys and Locks24
Welcome Wagon / Local Government and Service Groups24
Safety and Security—Your First Priority24
Chapter 2 – Environmental and Safety Concerns29
Lead29
Asbestos30
Radon30
Carbon Monoxide31
Mold and Mildew32
Chapter 3 – Utility Systems – Heating and Air Conditioning35
Utility and General System Notes35
Heating and Air Conditioning35
Thermostat36
Warm Air Furnace37
Air Filters42
Hydronic (Hot Water) Heat46
Steam Heating47
Oil Burner48
Central Air Conditioning49
Heat Pumps53
Heating and Cooling Distribution: Ducts and Dampers54
Chapter 4 – Utility Systems – Electrical61
Utility Systems—Electrical61
Main Panel62
Wiring and Flow of Electricity64
Outlets, Cords, 110 vs. 22065
Service Disconnects65
Electrical Polarity66
Electrical Grounding67
Ground Fault Circuit Interrupters67
Arc Fault Circuit Interrupters (AFCI)69
Chapter 5 – Utility Systems – Plumbing, Water Supply71
Water Service—Municipal71
Water Service—Your Own Well72
Water Heaters77

How To Operate Your Home

Piping and Valves	80
Water Softener	84
Garbage Disposal	87
Hose Bibs (Exterior Hose Faucets)	88
Water Hammer Arresters	89
Drainage, Waste and Vent System	90
Sewer and Septic Systems	93
Irrigation Systems	97
Natural Gas and Propane	98
Heating Oil	100

Chapter 6 – General Home Systems101

Foundation Basics	101
Protecting Your Basement Foundation	103
Termite Protection	107
Structure, Frame and Siding	108
Stucco – Cement	112
Windows and Doors	114
Insulation and Ventilation	118
Roofs and Gutters	121
Chimney, Flue and Vent	126
Orphaned Water Heater in Masonry Chimney	129
Sesmic Movement	130

Chapter 7 – Fun Yet Serious Systems131

Fireplaces and Wood Stoves	131
Basic Fireplace Types	131
How to Build a Real Wood Fire	134
Fireplace Draft Problems	134
Fireplace Cleaning	136
“Rain” in the Fireplace	136
Wood Stoves	136
Whirpool Bath	137
Hot Tub/Spa	137
Swimming Pools	138
Pool Safety	139
Waterfront Property and Seawalls	140

Chapter 8 – Service Requirements by the Calendar141

Chapter 9 – Emergencies & Simple Solutions151

No Heat	151
No Air Conditioning	153
No Electricity	154
No Water / Frozen Pipes	156
No Hot Water	156
Leaking Water Heater	157
Gas Odors	158
Oil Leak	158
Water Leak Anywhere	159
Leaking Hose Bib (Exterior Faucet)	160

Contents

Dishwasher Flood	160
Refrigerator Leak	161
Chapter 10 – Common Problems & Simple Solutions	163
Wobbling Ceiling Fan	163
Doorbell Problems	163
Removing Broken Light Bulbs	164
Patio Screen Door Sticks and Rubs	164
Bathroom Paint and Mildew Problems	165
Proper Venting of a Fireplace	165
Gutter Leak—a Quick Patch	166
Black Stuff Growing on the Roof	166
Peeling Varnish on Front Door	167
Opening the Garage Door During a Power Outage	167
Clean and Polish Brass Hardware	168
Chapter 11 – Plumbing Mysteries and Secret Solutions	169
Garbage Disposal Out to Lunch	169
Frozen Pipes at the Kitchen Sink	169
Frozen Sump Pump Lines	170
Thumping from the Sump Pump	171
If Your Sump Pump Never Runs...	171
Leaking Air Gap (“Chrome Mushroom”) on the Sink	172
Toilet Running at Night	172
Toilet with Poor Flush	173
Banging Pipes (Water Hammer)	173
Two Sump Pumps?	174
“Slippery” Water	175
Dripping Water Heater	175
Dripping Valves—Interior	175
Dripping Garden Hoses	176
Chapter 12 – Electric Mysteries & Secret Solutions	177
Dishwasher Will Not Run	177
Fuses or Breakers: Which Is Better?	177
Problems with Fluorescent Lights	178
Humming Ceiling Fan	178
Dryer or Range Plug Will Not Fit	179
Electrical Outlets Not Working	179
Bath Outlets Not Working	180
Chapter 13 – Heating, Air Conditioning & Ventilation	181
Attic Fan	181
Cool Air from the Furnace	181
One Cold Room	182
Close Storm Windows with Air Conditioning	182
Clean the Heating Ducts	183
Dehumidifier Freeze-Up	183
Leaks at the Air Conditioner	183

How To Operate Your Home

Chapter 14 – Water, Ice and Steam Everywhere	185
Snow and Water in the Attic	185
Ice Blocking the Gutters	185
Moisture on the Windows	185
Reducing Severe Dampness Throughout the House	186
Excessive Winter Dryness Indoors	187
Water in the Basement	187
Moisture in the Attic	188
Chapter 15 – Mysterious Sounds & Simple Solutions	191
Strange Sounds Throughout the House	191
Water Heater Popping and Pounding	192
Banging / Clicking Heat Ducts	192
Floor Squeaks	193
Fluorescent Light That Hums	194
Chapter 16 – Smelly Mysteries & Simple Solutions	195
Sewer Smell in Home	195
Sewer Smell from Toilet	196
Water Supply Smells Like Rotten Eggs	196
Smoke Smells from the Fireplace—Without a Fire	197
Removing Smoke Smells from Home or Car	198
Burning Odor from Light Fixture	198
Stinky Garbage Disposal	199
Smelly Sink	199
Chapter 17 – When To Call a Professional	201
When To Call a Professional	201
Chapter 18 – Vacations: Closing Your Home	205
Short Trips	205
Shutting Down for a Whole Winter	206
Chapter 19 – Little Problems That Become Big Problems	207
Floor Stains Around the Toilet	207
Rusted Metal Lintels (Beams) at Windows	207
Garage Door—Paint It to Save It	208
Drainage Problems	208
Grading Soil and Hard Surfaces	209
Sagging Patio or Sidewalk	210
How Important Is Furnace Servicing?	211
Deteriorating Ceramic Tile at Tub or Shower	212
Cleaning Fireplace and Flue	213
Inspecting a Masonry Chimney	213
Spalling (Flaking) Chimney Brick	215
Sump Pump Maintenance	215
Leaks at the Air Conditioner	216

Contents

Chapter 20 – My Top Energy-Saving And Comfort Tips	217
General Philosophy	217
4. Band Joist (Sill Plate) Insulation	219
5. Weatherstripping and Caulking	219
6. Temporary Caulking and Storms	221
Energy: A Quick Summary	225
For Most Homeowners	227
For Restoration	227
For Experts	227
Chapter 21 – Recommended Books and Magazines	227
Chapter 22 – References	229
Chapter 23 – Service Checklists	257
Warm Air Furnace – Homeowner Service Checklist	258
Warm Air Furnace – Professional Service Checklist	259
Hydronic Heating – Homeowner Service Checklist	260
Hydronic Heating – Professional Service Checklist	261
Oil Heating – Homeowner Service Checklist	262
Oil Heating – Professional Service Checklist	263
Steam Heating – Homeowner Service Checklist	264
Steam Heating – Professional Service Checklist	265
Central Air Conditioning – Homeowner Service Checklist	266
Central Air Conditioning – Professional Service Checklist	267
Heat Pump – Homeowner Service Checklist	268
Heat Pump – Professional Service Checklist	269
Evaporative Cooler – Homeowner Service Checklist	270
Evaporative Cooler – Professional Service Checklist	271
